Welcome To The Supply Chain Marketplace

The Supply Chain Marketplace is designed to increase purchases by Indiana companies (parts, materials, goods & services) locally to improve the Indiana economy, find other local manufacturers to partner to produce enhanced products with added value, and enable EDCs to attract companies to locate in Indiana by promoting Indiana’s manufacturing supply base.

Existing Users:
Login below with your credentials to access the Supply Chain Marketplace.

New Users:
If you are a new user, welcome! Please sign up using the link below. Note: Account access will need to be approved.

New Users:
If you are a new user, welcome! Please sign up using the link below. Note: Account access will need to be approved.

The SCM includes these types of companies:
- Original Equipment Manufacturing (OEMs)
- Manufacturing Suppliers
- Maintenance, Repair and Operations Distributors
- Service Providers such as: Engineering, Logistics, Automation, etc.

For each company, the following is provided, when available:
- Company Name and Business Description
- Web-site Link
- Contact Information
- Industries Served, Products, Equipment & Certifications
- NAICS codes

The benefits of this tool allow suppliers/service companies to add new customers, allow purchase agents to find new local suppliers to reduce risk of supply chain disruptions, and provide EDCs the opportunity to support companies considering locating in your area with access to the local supply base.
Company Search
DWG DESIGN SERVICES CORPORATION

.DWG Design Services Corporation is a contract tool and die shop and is primarily engaged in manufacturing, on a job or order basis, special tools and fixtures for use with machine tools, hammers, die-casting machines, and presses.

1 COMPOSITES LLC

1 Composites LLC is primarily engaged in manufacturing motor vehicle parts and accessories, but not engaged in manufacturing complete motor vehicles or passenger car bodies.

1 WAY TECHNOLOGIES, LLC

Under Construction

101 TOOL & DIE, LLC

Builds precise and accurate machine parts for complex geometric parts, jigs, fixtures, end-of-arm tooling, medical parts, aircraft parts, or automobile parts

10X ENGINEERED MATERIALS LLC

10X Engineered Materials LLC is primarily engaged in manufacturing abrasive grinding wheels of natural or synthetic materials, abrasive-coated products, and other abrasive products. 10X is a sort of the holy grail for quantum-leap improvement that innovators aspire to. When we uncovered superoxide abrasive technology and set out to commercialize it, we named the company in that spirit of always thinking big and striving for truly disruptive positive impact. From the start, our goal has been to develop an...

Company Data
Dauch Center for Management of Manufacturing Enterprises (DCMME)

For more than 35 years, DCMME (the Dauch Center for the Management of Manufacturing Enterprises) has been the focal point within the Mitchell E. Daniels, Jr. School of Business for promoting education, research and industrial engagement with those interested in operations management and manufacturing management. The Center accomplishes this through conferences, student competitions, and company projects that create venues for collaboration between firms, students and faculty around the state and across the globe. These opportunities place our students on the leading edge of emerging ideas and technologies and provides differentiating advantages in the manufacturing business.
