

MASTER OF SCIENCE IN ACCOUNTING

The 10-month residential MS Accounting (MSA) program prepares you to take the CPA exam while enhancing your technical skills, improving your written and oral communication, and developing your critical thinking and leadership abilities. The 30-credit hour program provides you with the data analytics skills that accounting employers seek and prepares you for public, nonprofit, government or corporate accounting. Whether you plan to pursue a career in assurance, forensic accounting, or consulting, the flexibility of the MSA program allows you to choose your area of focus and complete 1-2 internships. Pair this with the built-in access to a CPA prep course and you'll be well prepared to pass the CPA exam and launch your career.

PROGRAM HIGHLIGHTS

95%

EMPLOYMENT RATE, WITHIN 6 MONTHS OF
GRADUATION
Class of 2025

88%

FIRST-TIME CPA PASS RATE

- MSA student first-time CPA pass rate is 22% higher than undergraduate test takers.
- The first-time pass rate of the CPA Audit section jumps from 54% to 93% with an MSA.
- MSA students can take a CPA Exam prep course as part of the MSA curriculum.
- Compared to those with only a bachelor's degree, MSA graduates are poised to capitalize on accelerated promotion opportunities and an estimated \$1.5 million increased lifetime earning potential, when combined with a CPA license.
- Flexible curriculum for students with two tracks: a CPA focus for public and corporate accounting and a CPA/CMA track designed for specialized corporate accounting.
- Customized plan of study which emphasizes advanced accounting electives, Excel skills, research opportunities, professional and ethical standards, communication and leadership.
- Active alumni network around the world that includes distinguished alumni such as Beth Brooke, CPA and former Global Vice Chair at Ernst & Young (Forbes List of 100 Most Powerful Women).

“

The curriculum in the Daniels program is directly tied to the information I will need to know when taking my CPA exam, which is the reason the majority of my program is getting their MSA.”

EMILY ROBINSON
