

MASTER OF BUSINESS ADMINISTRATION

Purdue University's STEM-designated One-Year MBA delivers a intensive, rigorous, full-time curriculum that equips students with the business and leadership skills needed to broaden their career options and accelerate future career progression—all in just 11 months.

This one-year MBA program is designed for pre-experience and early career professionals from a wide range of academic backgrounds—including engineering, science, the humanities, and social sciences—who are eager to develop a foundation of strong business and leadership capabilities. With about one-third of the program consisting of elective courses, the learning experience can be customized to meet each student's career objectives. Students can gain depth in any area of business, including finance, marketing, organizational behavior and more.

Whether you're looking to broaden your career options, accelerate your future career progression, or launch your own venture, the program offers a rigorous, immersive experience that equips you with the tools to lead in today's dynamic and technology-enabled business environment.
