

WEEKEND MBA

MASTER OF BUSINESS ADMINISTRATION

The Weekend MBA program offers career-friendly flexibility and a nationally ranked, globally prestigious Purdue MBA. Targeted to professionals wanting to combine a management degree with their academic and professional skills, the Weekend MBA offers a general management education to students from diverse academic and professional backgrounds. Built around your schedule and career goals, the cohort-based program covers the fundamentals of business and management in all the disciplines needed to succeed in current and future positions.

DEGREE EARNED	LENGTH	FORMAT	FEES
Master of Business Administration	21-month program beginning in August	Blended hybrid format with online learning and every- other-weekend classroom experience on campus from 8 a.m.-5 p.m.	View Current Rates

PROGRAM HIGHLIGHTS

- Collaborative program expands professional opportunities while leaving time for family and work.
- The hybrid format includes elements of online coursework with traditional class instruction two weekends per month, with program completion in 21 months.
- Case studies, research projects, group presentations, and international and domestic study abroad opportunities enhance critical thinking and skills in finance, marketing, leadership, and more.
- Choose from a large catalog of electives that you can take online or on campus. It's your choice. Curate your plan of study with these specialized courses to cater to the skill sets you want to develop.

PREVIEW DAY

Schedule and Plan of Study subject to change.

Purdue's Weekend MBA program is both cost and time effective. It is appropriately priced compared to other schools. It also allows me the time to balance work, school, and my social life by attending class every other Saturday and having online resources. It also provides me with access to incredible professors and professional resources."

DAKOTA HASSAN, WEEKEND MBA '22
