

# GLOBAL SUPPLY CHAIN MANAGEMENT

## MASTER OF SCIENCE IN GLOBAL SUPPLY CHAIN MANAGEMENT

Purdue University's Online Master of Science in Global Supply Chain Management (MSGSCM) program is targeted towards working professionals seeking to advance their careers by developing supply chain management knowledge, skills, and abilities. The program is designed by the same faculty members from our top-ranked in-residence MS Global Supply Chain Management program and students can complete the degree from anywhere, at any time, with high flexibility in the pacing and sequencing of the proposed courses. The program ensures that students develop skills to work in cross-disciplinary teams and across functional boundaries.

DEGREE EARNED	LENGTH	FORMAT	WORK EXPERIENCE	FEES
Master of Science	Typically 1.5-2.5 years (or 5-9 semesters) Beginning in August or January	Online, 30 Credit Hours 7-week modules 1 or 2 classes at a time	3-5 years or more	In-State: \$32,064 Out-of-State: \$33,564 <small>*All fees subject to change Excludes textbooks</small>

## PROGRAM HIGHLIGHTS

- Flexible 100% online program that allows you to earn a degree without affecting your time with family or career responsibilities.
- Courses are developed and taught by the same esteemed faculty from the Daniels School's top-ranked in-residence Master of Science in Global Supply Chain Management program.
- The program offers a strong foundational and core set of courses in GSCM content in areas such as Operations Management, Project Management, Supply Chain Management, Supply Chain Analytics, Strategic Sourcing and Procurement, and Global Supply Chain Management.
- A complimentary set of GSCM elective courses in areas such as Ethical & Sustainable Supply Chain, Python Programming, Advanced Manufacturing, and Change Management, or Negotiations.
- Curriculum includes an Experiential Learning course where students complete a project for a partnering company and work with real-life organizational challenges in managing their supply chains.
- Wide selection of elective courses that provides a great level of flexibility in developing individual plans of study that seamlessly connects student's background to their career goals.
- Career support services are provided by the recruitment and career services office.
- Students have access to a success coach who provides study skills and time management development as well as stress management coaching.

The content in the courses has introduced me to new concepts and ideas. The pace of the classes and what is needed to accomplish them are all reasonable and satisfying."
